Mosaics that Tell Your Story.

Since 3000 B.C., mosaics have been telling the stories of amazing people and fantastic places. Your mosaic design should be about you: how you live, what you love, and what makes you special. That's why we created a completely customizable line, allowing you to craft a design as unique as you.

Choose from our suggested patterns or create your own from scratch, blending colors to suit your personal style. Our intuitive software makes it simple to bring your story to life in mosaic form.

Once designed, our expert craftspeople will build your mosaic in our Phoenix facility, with delivery in two to three weeks.
